New Hotel at Oldtown!

JAMES STINSON

Announces to his friends and to the public, that he has fitted his large, commodious and centrally situated dwelling for a Public House, and has opened the same to the public with the determination that every attention shall be paid to the accommodation of the travelling community.

He assures his friends and the public that no pains will be wanting on his part to entitle him to the approbation of all who may favor him with their patronage. The House will be kept on a liberal scale and the most assiduous attention shall be given to make this house a desirable and comfortable home for travellers as well as more permanent boarders.

It is believed that a Hotel of this description is greatly needed in Oldtown and the public are invited to give it their support.

SELF REGULATING

Parlor Air Tight

STOVE,

BY the use of which the temperature of a room may be kept without variation for months—This Stove combines beauty, utility, science and art in a greater degree than any thing ever offered to the community. It will last one half the time of a common Air Tight Stove and not burn more than one half as much fuel. It will keep a room more comfortable than the best regulated climate on earth. A few dollars expended in one of these Stoves will save life for many years when under the influence of diseases of the lungs.

This Stove commands the admiration of the learned as a philosophical—its operation is more sure than the Magnet and more perfect than the Sun.

NEVER DESPAIR OF LIFE!

KELLEY & CO'S

HIGHLY CONCENTRATED

SARSAPARILLA

Cures the Worst Diseases that ever preyed on the Human System, and saves Thousands of Lives

Annually!

10,000 CASES

Of SCROFULA cured by it this year and 5,000 Cases DYSPEPSIA and HUMORS, of which *proof* can be furnished. This is the only medicine known to cure these diseases.

THIS Sarsaparilla will bear TWO QUARTS OF WATER to a Bottle and then be far superior to any in use. It is put into the Bottle in FULL STRENGTH and power without reduction and this is done for the special benefit of those who use it as it is objected to all other Sarsaparillas that they are Weak Cloyy Adulterated Sickly and are wholly incapable of reaching the seat and cause of the disease. But this Sarsaparilla comes warranted to be

Six Times Stronger

than any other and Six Times Better Safer Surer and Cheaper than all others. *THIS* Sarsaparilla has bestowed on it some of the best MEDICAL Talents and Skill in the world, and CURES all the Sickness KILLS all the Pain and REMOVES all the suffering that it is in the power of Human Means to do. It Cures

Scrofula, Dyspepsia, Jaundice, Liver Complaint, Humors, Canker, Costiveness, Rheumatism, Cancer, Debility of the System, Salt Rheum,

and every Disease which arises from **Impure Blood!**

CONSUMPTION CURED WITH KELLEY & CO'S SARSAPARILLA!

A PHYSICIAN, who is truly the most distinguished of any in a large City for professional skill, CERTIFIES astonishing as it may seem, that he actually CURED a case of **Consumption** with Kelley & Co's Sarsaparilla and says that there is no medicine in which he has so much confidence for **Diseases of the Lungs.**" Some will marvel at this REMARKABLE Cure, but hundreds are following to the last. This INVALUABLE Sarsaparilla is also doing wonders in foreign cities and away.

SIR BENJAMIN BRODIE,

Surgeon to the royal Family of England, says there is no other medicine which is CAPABLE of doing so MUCH GOOD and yet so INCAPABLE of doing injury. What distinguished compliments are these! Never was there a medicine honored with STRONGER RECOMMENDATIONS. It CURES when every thing else fails.

Severest Scrofula and Humors,

where the flesh falls off the bones—the bones are diseased and the DART OF DEATH seems ready to strike the sufferer. And the reason for this is, that it makes the **BLOOD** perfectly Pure Rich Healthy Quick Free Nutritious. It CURES all those ALARMING cases of DYSPEPSIA and JAUNDICE, where the Liver is Swollen and Painful Strength wasting Appetite gone, Pulse weak or Feverish Skin yellow Nerves deranged. It restores Health, Strength, and Vigor to every disordered function of the System—causing them to move on just as Nature requires. And for its WONDERFUL Power over Disease in every form and part which no other Medicine possesses, the public justly style it the

Master Remedy of the Age!

The great secret of all its triumphant success over all other Sarsaparillas is, that it does not temper with the patient to prolong his sufferings. But it first attacks the disease and stops it then removes it, then brings up the flesh and strength on a perfectly pure Blood so that the cure is always thorough and permanent. Others only scatter, or back on the disease but this EXTIRPATES it wholly from the system—this saves the patient safe while others endanger it. The whole Body is made so healthy by the use of this GIANT MEDICINE, the System so vigorous—Mind so cheerful—Nerves so quiet—Skin so fair—Spirits so buoyant that all Medical Colleges, Professors, and Physicians always prefer it for the sake of its Superior virtues. Try it all you who are seeking the PRICELESS BLESSINGS OF HEALTH!

Ladies, Married and Unmarried!

I wish you especially to know that this Sarsaparilla is made, as the HEALING ART has been tasked to the utmost to have it exactly suited to FEMALE COMPLAINTS. These Complaints have never been cared for as they ought, hence it is that all the medicines which are used with the hope of cure so invariably and entirely fail. But this Sarsaparilla has the SPECIAL ability, to cure every Disease Affliction or Pain which comes under this head. It regulates the secretions—corrects the irregularities of the System—restores strength to every part—beautifies the complexion—imparts a flow of spirits—cures palpitation of the Heart—removes Blotches, Pimples, Freckles.

NOTICE.

THE AMERICAN AIR-TIGHT COOKING STOVE Pierce's Patent, manufactured by Johnson & Cox, Troy, N Y.

The aforesaid Patent having been fully established by the judgment of the Circuit Court of the United States at Boston we hereby give notice that GARDNER CHILSON of Boston, has the exclusive sale of said Stove for Massachusetts, Rhode Island, Maine and New Hampshire. All infringements on said Patent will be promptly prosecuted.

JOHNSON & COX

Troy, N Y July 1st, 1848

The American Air-Tight Cooking Stove.

If this is not the best Stove in use why so many attempts to infringe upon it? This suit was brought to sustain the Patent and to stop the infringements and after a most thorough legal investigation these rights were promptly decided, fully sustaining this Patent.

More than Ten Thousand of these Stoves are now in use. The testimony of this multitude the past year establishes the fact beyond a doubt, that there are more good and useful qualities combined in this Stove than ever was or probably ever will be found in any other Stove. The fire brick oven top is of great value in equalizing the heat around the oven absorbing the steam causing the bread &c to rise and bake light and quick—and giving bread, puddings &c that flavor of the house brick oven. The kitchen for roasting in front is complete. The summer arrangement for broiling, frying, boiling, heating of irons, &c is admirable—The great economy of fuel substantial construction and general good quality of this Stove is the cause of its universal admiration.

For sale, wholesale and retail, at the Stove, Range and Hot Air Ventilating Furnace Establishment Nos 51 & 53 Blackstone Street Boston.

NOTICE.

WARMING AND VENTILATION, on correct and philosophical principles, as recently adopted by a unanimous vote of the School Committee of the city of Boston, as will be seen by their printed reports of 1847 and 48, which, after being thoroughly tested in public and private buildings has been generally adopted, in concurrence with the views of several other scientific committees, and all other gentlemen whose experience has enabled them to become conversant with the method of warming and ventilating dwellings churches, school houses, hospitals, factories, stores &c. with an abundant supply of fresh healthful warm air. The fuel not being allowed to be burnt in iron under any circumstances, consequently the oxygen in the air is not destroyed by coming in contact with red hot iron furnace pots or plates.

It has abundantly proved itself to be a complete and perfect system.

The subscriber having had the practical knowledge and experience in the construction and erection of these improvements from their commencement.

Being the inventor of most of them, enables him to be correct in theory and practice.

He will give his personal attention to the erection of his Brick Hot Air Ventilating Furnaces,—also his Portable Ventilating Furnace, Dr Clark's Boston School Stove, also arranging the Ventilating flues and Ventilators in all parts of the United States—by addressing him at the Stove, Range and Hot Air Ventilating Furnace Establishment, Nos 51 and 53 Blackstone street, where orders will be promptly executed.

Boston, Sept. 27 1848 2m

The Great Remedy for Gonorrhoea

GLEET, Stricture, and all analagous complaints, is **Dr. DOUGLASS'S ARABIAN PASTE.** Dr Douglass is well known, having practiced in the principal cities in the Union during the last 40 years. His only reason for introducing the Paste in this public manner is the consciousness that there are thousands of ill treated complaints in this city—thousands of individuals who are going down to premature graves by taking the miserable drugs of quacks.

Dr L most solemnly affirms that during his practice of forty years this Paste has never, in one single instance failed of effecting a cure in a few days without any change of diet or hindrance from business. He has had some of the most stubborn cases—cases that have resisted the regular course of treatment adopted by our first physicians, for months and even years but after taking the Paste for a few days she soon disappeared and the patients were discharged, entirely cured.

If the unfortunate instead of dragging themselves with quack nostrums, would purchase only one box of the Arabian Paste, we should not see so many emaciated bodies and sallow countenances as we do at the present time.

In case this Paste should fail to effect a cure in the shortest possible time, ten times the price paid for it will be given the purchasers on returning the empty boxes.

For sale only by the original inventor and sole proprietor Dr PETER G DOUGLASS, at his Office No 55 Union street Boston at $5 per box where he can be confidently consulted on every disease incident to the human frame, and the patient rely upon the most beneficial course of treatment that can possibly be adopted.

It will be seen by the law that divisions are allowed the term of two years to raise their quota of volunteers, at the expiration of which on failing to furnish the number of companies to which they are entitled, other divisions will be authorized to raise them on petitioning to the commander in-chief. It is hoped that the martial spirit of our citizens has not become entirely extinct by the long suspension of active military service, but that there still exists in our State those military and patriotic impulses that will ensure a willing and prompt return to duty, and a vigorous organization in each division of the militia of Maine of all the force allowed by law.

Independent companies already organized are invited to join the volunteer corps of our State, and whenever they indicate to this department their wish and determination to comply with the provisions of law they will be furnished with arms by the State.

Our citizens generally are also invited to organize new companies with becoming promptitude, petitions for which may be forwarded to the Office of the Adjutant General.

The State has now on hand a variety of muskets and rifles and in a few weeks will be in possession of nearly one thousand percussion rifles, of the latest and most approved model, which will be subject to the order of companies first making application. By the Commander-in-Chief.

NOTICE.

THE AMERICAN AIR-TIGHT COOKING STOVE Pierce's Patent, manufactured by Johnson & Cox, Troy, N Y.

The aforesaid Patent having been fully established by the judgment of the Circuit Court of the United States at Boston we hereby give notice that GARDNER CHILSON of Boston, has the exclusive sale of said Stove for Massachusetts, Rhode Island, Maine and New Hampshire. All infringements on said Patent will be promptly prosecuted.

JOHNSON & COX

Troy, N Y July 1st, 1848

The American Air-Tight Cooking Stove.

If this is not the best Stove in use why so many attempts to infringe upon it? This suit was brought to sustain the Patent and to stop the infringements and after a most thorough legal investigation these rights were promptly decided, fully sustaining this Patent.

More than Ten Thousand of these Stoves are now in use. The testimony of this multitude the past year establishes the fact beyond a doubt, that there are more good and useful qualities combined in this Stove than ever was or probably ever will be found in any other Stove. The fire brick oven top is of great value in equalizing the heat around the oven absorbing the steam causing the bread &c to rise and bake light and quick—and giving bread, puddings &c that flavor of the house brick oven. The kitchen for roasting in front is complete. The summer arrangement for broiling, frying, boiling, heating of irons, &c is admirable—The great economy of fuel substantial construction and general good quality of this Stove is the cause of its universal admiration.

For sale, wholesale and retail, at the Stove, Range and Hot Air Ventilating Furnace Establishment Nos 51 & 53 Blackstone Street Boston.

NOTICE.

WARMING AND VENTILATION, on correct and philosophical principles, as recently adopted by a unanimous vote of the School Committee of the city of Boston, as will be seen by their printed reports of 1847 and 48, which, after being thoroughly tested in public and private buildings has been generally adopted, in concurrence with the views of several other scientific committees, and all other gentlemen whose experience has enabled them to become conversant with the method of warming and ventilating dwellings churches, school houses, hospitals, factories, stores &c. with an abundant supply of fresh healthful warm air. The fuel not being allowed to be burnt in iron under any circumstances, consequently the oxygen in the air is not destroyed by coming in contact with red hot iron furnace pots or plates.

It has abundantly proved itself to be a complete and perfect system.

The subscriber having had the practical knowledge and experience in the construction and erection of these improvements from their commencement.

Being the inventor of most of them, enables him to be correct in theory and practice.

He will give his personal attention to the erection of his Brick Hot Air Ventilating Furnaces,—also his Portable Ventilating Furnace, Dr Clark's Boston School Stove, also arranging the Ventilating flues and Ventilators in all parts of the United States—by addressing him at the Stove, Range and Hot Air Ventilating Furnace Establishment, Nos 51 and 53 Blackstone street, where orders will be promptly executed.

The Great Remedy for Gonorrhoea

GLEET, Stricture, and all analagous complaints, is **Dr. DOUGLASS'S ARABIAN PASTE.** Dr Douglass is well known, having practiced in the principal cities in the Union during the last 40 years. His only reason for introducing the Paste in this public manner is the consciousness that there are thousands of ill treated complaints in this city—thousands of individuals who are going down to premature graves by taking the miserable drugs of quacks.

Dr L most solemnly affirms that during his practice of forty years this Paste has never, in one single instance failed of effecting a cure in a few days without any change of diet or hindrance from business. He has had some of the most stubborn cases—cases that have resisted the regular course of treatment adopted by our first physicians, for months and even years but after taking the Paste for a few days she soon disappeared and the patients were discharged, entirely cured.

If the unfortunate instead of dragging themselves with quack nostrums, would purchase only one box of the Arabian Paste, we should not see so many emaciated bodies and sallow countenances as we do at the present time.

☞ In case this Paste should fail to effect a cure in the shortest possible time, ten times the price paid for it will be given the purchasers on returning the empty boxes.

For sale only by the original inventor and sole proprietor Dr PETER G DOUGLASS, at his Office No 55 Union street Boston at $5 per box where he can be confidently consulted on every disease incident to the human frame, and the patient rely upon the most beneficial course of treatment that can possibly be adopted.

THE GREAT CRISIS

of our country comes TODAY, when all the Freemen of our broad land will go up to the Polls to repeat again the grand experiment, before the world *for themselves and their children*, of a government of the People

Freemen Remember

the solemn obligations you are under to sustain, by your votes, a government having its source of power in the people and which is bound to exercise its functions for the benefit of the People

Voters Of Maine Remember

that in proportion to your interest in an honest, wise, safe and prudent government, should be your earnest zeal for the election of that honest, uncorrupted and incorruptible—that wise headed, right hearted man

ZACHARY TAYLOR:

for he has no private projects to accomplish—no party schemes to build up—no enemies to punish—nothing to serve but his country

Friends of Peace Remember

that by voting for the Taylor electoral ticket your influence is not only given against those whose narrow ambition it is to seek political preferment and place through the horrors of war, but you vote for the election of one who "looks upon war at all times and under all circumstances as a *NATIONAL CALAMITY*, to be avoided if compatible with national honor

Whigs Remember

that in voting for Zachary Taylor you vote for one who declares himself a Whig and who is fully and thoroughly endorsed as such by the best Whigs in the land

Laborers Remember

that in Zachary Taylor you have a man who agrees to the doctrine that it is the duty of the country to cherish and foster the labor of the country, that it may be prosperous and to turn a rich reward to the industrious

Mechanics Remember

that in voting for Zachary Taylor, you vote to have the American market secured to the American mechanics at fair producing rates of all articles of necessity which your talent and skill are fitted to produce

Poor Men Remember

that your interest is in bringing into power an administration which will secure you the blessings of liberty, and furnish you with an opportunity by the exercise of your talents to maintain and educate your children

Business Men, Remember

that in effecting a change of rulers by the election of Zachary Taylor, you will do away with ruinous experiments on currency and commerce—do away with those schemers who deem the prosperity of the business community as incompatible with the welfare of the Government and bring into power those who deem the true interest and welfare of the Government and of the people, to be the same and that when the people suffer, the Government is bound to participate

Friends of the Government of the People Remember,

that the truly republican patriot Zachary Taylor does not believe that the personal opinions of the individual who may happen to occupy the Executive chair ought to control the action of Congress upon questions of domestic policy nor that the imperial veto should be interposed to defeat the fairly expressed will of the people

Friends of Improvement Remember,

that the devoted, intelligent, practical friend of the country, Zachary Taylor, is in favor of devoting the energies of the government to the improvement of our country

One and all Remember,

that the cause of liberty the honor of the country, the prosperity and happiness of the people demand that the Freemen of our land go up with clear heads and hopeful honest hearts and deposit their votes on Tuesday, the 7th day of November, for

ZACHARY TAYLOR

and

MILLARD FILLMORE.

Is Your Name on the Ward List?

Let every Taylor voter see to it that his name is on the Ward list, in order that he may have no trouble on Tuesday next See that the names of your neighbors are on and on right Have an eye to perfecting your Ward list, that every one who is entitled to vote may have an opportunity, and that the ballot box may be kept pure

GIVE THIS DAY TO THE COUNTRY.

It is expected that every man will give this day to the country. Our business men, one and all, should close their places of business to-day, until he close of the Polls. Let every friend of ZACHARY TAYLOR be at the Polls to-day, and remain there every hour the voting is going on.

☞ This is the great rallying day for Freemen The contest is not for men, excepting so far as they represent principles We rejoice now in the belief that Zachary Taylor and the principles and measures of the Whig party will to day be sustained by the emphatic voice of this great people The true, reliable test is this day to be applied of the effect which the various political doctrines have made upon the public mind The dissemination of doctrines has been great and we are soon to know to what extent they have been received by the public mind and has entered into and become a part of that mind The vote is the test of this Let us wait for the result

☞ It is rather too late to write editorials upon political subjects touching the election to day, and a little too early to calmly consider other matters though of general interest, and of course the newspaper reading people must not expect a large amount of editorial matter for a few days, as all editors will be much occupied in figuring up the returns of the election Shortly we shall announce the glad intelligence of the election of Zachary Taylor and then we shall be ready for other matters

☞ In returning the votes for Electors, Town and Ward Clerks should be careful that they do not omit the e in *Mr Davies'* name. The similarity of his name to that of the common one of *Davis*, may cause this mistake

☞ We have a rose bush which has the present season set up several thrifty shoots, one of them, the largest, has grown thirteen feet and six inches in length This we call a good growth for one season, down east

☞ We would request of the several Ward Clerks in the city to furnish at as early an hour as possible to day the result of the vote in their ward We shall endeavor to give as early and complete return of the votes, compared with the September vote

☞ Sufficient returns from the Presidential election, will probably be received by Thursday, to determine who is to be next President

☞ Now is the time for securing cellars against frost and putting all things in order for winter

☞ The article with the signature "G—y," does very well as a production of some young lad, but is not quite fit for the press

☞ There is to be no meeting of the Lyceum the present week

☞ The planet Mercury will make its transit over the Sun on Thursday forenoon

Thanksgiving.

The time honored custom of observing a day of thanksgiving and prayer, is likely to become general throughout the United States The following States have already set apart a day for that purpose —

Hog-ology.

MR EDITOR:

It is found convenient, and perhaps profitable to a portion of our citizens who keep swine, to let them run in the streets for the purpose of getting their living. This is a cheap method of raising pork, to the owners of hogs, but a serious inconvenience and often a great damage to their neighbors, who have embankments and grass plats around their dwellings unprotected by fences The hogs are not to blame, they are of the earth, earthy, and act accordingly — The same may be said of some of our city officials whose duty it is to abate the nuisance; with this difference, that the one finds his level by instinct, the other by habit, the one solemnly swears to protect us, while the other perseveringly turns up and disfigures every green spot within reach of his snout, and the conduct of both leaves us to the irresistible conclusion that self protection is our last and only resort This being the case I would recommend that every family visited by these pests, prepare a Thanksgiving dinner for their hogships, consisting of one course only—viz corn meal two gills, molasses one gill, pounded glass half a gill, well mixed and made into one or more *dough nuts*. These should be given to every hog that shows his face in the street or near any dwelling out of the owner's premises Let this plan be adopted by every family and the *pork business*, the way it has been carried on here for years past, will be found to be a losing concern, and the nuisance abated

Yours, &c, SPLIT FOOT.

Parents, some one has said, must never put away the own youth They must never cease to be young Their sympathies and sensibilities should be always quick and fresh They must be susceptible. They must love that which God made the child to love Children need not only government, firm and mild, but sympathy, warm and tender. So long as parents are their best and most agreeable companions, children are comparatively safe, even in the society of others

Shocking Catastrophe.

At a recent Whig meeting in a certain town in the neighborhood of Boston, an individual of the "Free Soil" party found his *slander* hollow both Lawrence, and set up a contagious hiss — In this unguarded effort—shocking to relate—the spit outka complete *boundende of false teeth*, to the unbounded laughter of the bystanders

Educational Matters in Hancock County.

The following report of the proceedings of the citizens of Hancock county on the termination of the session of the Teachers' Institute in that county was received some time since and would have been published, but was mislaid We now publish with pleasure —

At the close of the session of the Hancock County Teachers' Institute, on motion of George Herbert, a Meeting of the citizens of Ellsworth, then present as spectators, was organized, by the choice of Charles Jarvis, as Chairman, and Martin Byrne as Secretary The Rev Sewal Tenney, and George Herbert, George Parcher, Charles Lowell and George W Brown Esqrs, were then chosen a committee, to prepare resolutions, expressive of the sentiments of the meeting, relating to the influence of the Institute on public education throughout the County of Hancock. The committee having retired a short time, reported the following resolutions, which having been read, were adopted unanimously

Resolved, That the citizens of Ellsworth, who have attended, the Teachers' Institute which has now closed its session in this place, deem it a duty to express the high gratification they have experienced, in witnessing the various exercises, and their conviction of the beneficial consequences to our public schools, by the improvement of the Instructors, and the mode of communicating instruction

Resolved, That the member of the Board of Education, for the County of Hancock, by his judicious arrangements, for the meeting of the Institute, and the judgment he has displayed, in the selection of an able, and experienced board of Instructors, has evinced he is qualified for his highly important station, and is entitled to the thanks, and has a right to active co-operation, of every friend of public education

Resolved, That the admirable examples given by the Board of Instructors of a system of instruction, based upon elucidation and explanation, and an appeal to the understanding of the pupil, if introduced into practice by the teachers, will greatly increase the efficiency of our public schools

Resolved, That the general attendance, at the session of the Institute, of the Teachers of our public schools in this County, and the strong interest, manifested by them, in the various exercises, evince an ardent desire to improvement in their vocation, and is an assurance to their fellow citizens, that their praise worthy exertions will be crowned with success

Resolved, That the establishment by our State of the Board of Education, meets with our most cordial approbation and we have full confidence that under the direction of its able Secretary, it will be the means, of exciting emulation, among the Instructors, of our common schools, and awakening an interest in the community, to the importance of our noble system of public education

Eloquent Extract.

The Rev Henry Giles, in a lecture recently delivered in the city of Philadelphia, thus eloquently describes the farewell thoughts of an upright man in the last hour of his life

"Oh! thou glorious sun—still pour down thy splendor to bless men's eyes and to gladden their hearts Many years have I rejoiced in thy light—with rapture have I watched it dawn upon the mountains—with rapture have I lingered with its parting magnificence upon the evening clouds Still pour down thy beauty and be the central lamp in the blue canopy of heaven for endless generations Shine on, vesters, sweet and solemn as yesterday, and though awful, yet lovely, with wings of fancy that no power air could damp, I have risen to your dread sublimity and been lost in your measureless depths I have felt a terrible and a speechless joy Still show to the lonely watches of the night your everlasting harmony—still play to mortals the music of your eternal spheres Roll on thou mighty ocean, symbol as thou art of mystery and power!—unfathomable abyss, resistless strength—great binder of the nations! I have slept upon thy heaving bosom—I have sported with thy shore hissing wavelets—I have listened to thy low, sad song in the calm, and thy chorus of fierce sounds in the tempest—but the hour draws nigh when my eye shall no more see thee, and my ear shall no more hear thee And thou, gentle earth! hospitable and comely home—beautiful thou art, beautiful exceedingly, and though sorrow, and wrong, and guilt, and death be on thee, thou remainest beautiful despite them all Soon shall I look my last upon your hills and valleys, and your fields—but lovingly—as my senses fail shall I think on thee, first dwelling place to the infancy of my immortality Human beings! farewell you I bless you. I bless your sympathies I am grateful for every tie that bound me to you, for every benefit you have done me Still let childhood bound in its innocence, and youth rejoice in its strength, and man put forth his power, and woman be lovely in her purity, and age enjoy the blessedness of peace I must quit this habitation which must return to the dust out of which it was made, while my spirit returns to God who gave it I am at the end of my pilgrimage and I am satisfied I am at the portals of the invisible and mysterious future I behold the stirring of the veil which is soon to be taken away I see the shadow of the solemn messenger that is to announce my removal—let the veil be raised I am prepared to enter—let the messenger approach—I am prepared to follow"

Courtesy in the Family.

If any one doubts whether the family circle is a recent witness of a want of due courtesy, even among its well disposed members, let him apply one test which to us seems perfectly safe, that is which never unjustly calls censure, the often too liberal in its acquittals viz Would you speak thus to husband, wife, sister, brother, child, &c, if a stranger was present?

We of course do not refer to the thousand instances in which a parent unbends himself to engage in the sports and frolics of his child, nor to language uttered in the way of judicious discipline, but to ordinary intercourse as among companions and associates

Not only will this test condemn all rudeness on the part of equals in age and condition, but of parents in their intercourse with children, and of teachers with pupils The 'I will, and 'I won't,' so obnoxious on the part of children, no one defends, though our ears do, even now, hear sometimes, from those almost or quite at years of "freedom," language equally impertinent, addressed even to the aged But such gross instances of impropriety are too universally censurable, to need comment Not only is it wrong for children to use such language to parents, or pupils to teachers, but it is equally wrong for parents and teachers thus to address children and scholars It is uncourteous, and they have no right to set such an example before the young A parent or teacher has no more right to trample upon the rules of good breeding and kindness than any body else In some respects such an example from them is fraught with the greatest possible evil.

The language of refinement only should be tolerated in a family or in a school room, and the heads of those institutions should be the last to violate this rule

Our public tables, the coach car, and steamboat, would not exhibit so much of the ludicrous not of the offensive, if this rule was strictly observed in the family circle, and in the school room

If parents would always exhibit courtesy in their intercourse with their children, in most cases, children would be courteous to each other and to their companions and acquaintances.

Overlook Nothing.

Some men seem to go through the world with their eyes shut,—others keep them always open The latter at every step, are adding to their stock of knowledge and correcting and improving their judgment by experience and observations They keep their minds ever awake, and active, and on the alert,—gathering instruction from every occurrence, watching for favorable opportunities, and seeking, if possible, to turn even their failures and mischances to their advantages Such persons will rarely have occasion to say, 'I have lost a day,' or

—"To weep o'er hours that flew
More idly than the summer's wind."

They will make every event the occasion of improvement, and will find

—"Books in the running brooks,
Sermons in stones, and good in everything"

To the attentive observer, even nature itself will appear a vast scroll written all over, by the finger of God, with instructive, though sometimes mysterious, characters, while to the careless it will seem at best but a blank, or perhaps a scene of confusion, without form or comeliness possessing little to excite curiosity or admiration

To the young, especially, would we recommend habits of close use and careful observation — We would say to them, 'overlook nothing' Despise not the day of small things Endeavor to turn the leisure time you may have, to the money you may earn or inherit, the privileges you may enjoy, in short, every thing, to the best possible account Take care of the minutes and pence, and the hours and pounds will take care of themselves

He who learns to regard his leisure moments as valueless, and habitually squanders for trifles the small sums of money he may have because they are small, will never be learned or rich — the secret of success is to be careful of little things

Spend, no moment but in purchase of its worth,
And what its worth, ask death beds—they can tell!

Memories.

How sweet to the soul comes the pleasant memories of the past The wild and beautiful dreams of childhood are remembered and they bring smiles to the lip and joy to the heart How pleasantly youth's bright anticipations rise before us bringing a thousand recollections of all that was in days gone by, when care was a stranger, and sorrow had not crossed the path of youth All that we have known in years long past comes vividly to the mind and the glowing hopes the wild visions, and the friends of our childhood are again before us, and we seem to enjoy the happiness which was ours in the days of long ago All possess the faculty of memory, and be they sad or pleasant ones, they are memories ever thronging around us If they are bright we love to dwell upon them—if they are sad we dwell upon them with sorrow and wish they were only dreams Recollections of youthful friends are before us and all the hallowed associations of former friendship seem to be renewed and we live again in the glad and happy past—but if those friends have been false how utterly to the soul comes the memory of all that they have been to us Memories of them come thronging wildly around us, and the pangs of separation from those we have held dear will be rendered doubly bitter by their inconsistency That, happiness which has been so bright should be shaded with grief, is a sad reality, for busy memory is ever turning over her pages dwelling briefly upon all bright things as though they were only visions, and the sad ones only reality

To the one that is feeling that his name may be placed among the 'great ones of earth' there are memories of the golden time when hope with her rosy fingers pointed to the future as all bright and glorious, and even then fame seemed hovering before him but alas! too soon this fond vision fades away, and he awakes from his blissful dream to the sober realities of life

A Man on Fire!

During the thunder shower on sunday evening, the lightning performed a very remarkable exploit in Rutland The facts as we have them from Mr J G Kendall, of this city, are that a Frenchman in the service of a Mr Fletcher, of Rutland having occasion to be out during the shower, was struck by a shaft of lightning knocked down and severely stunned After a lapse of a little time the man recovered his senses, and found his way to the house, where it was discovered that his face was blistered and one of his pockets on fire! It was a most singular occurrence and is most remarkable escape

[Worcester Tel

With those who are sincere with us we must be as candid as the day, but when we are sadly taught the fallacy of words, and the fragility of promises we must, of course, shelter ourselves under some reserve

The Pauper's Death-Bed.

BY MRS SOUTHEY

Tread softly—bow the head—
In reverent silence bow—
No passing bell doth toll—
Yet an immortal soul
Is passing now

Stranger! however great,
With lowly reverence bow,
There's one in that poor shed—
One by that paltry bed—
Greater than thou

Beneath that beggar's roof,
Lo! Death doth keep his state
Enter—no crowds attend—
Enter—no guards defend
This palace gate

That pavement, damp and cold,
No smiling courtiers tread,
One silent woman stands
Lifting with meagre hands
A dying head

No mingling voices sound—
An infant's wail alone,
A sob suppressed—again
That short, deep gasp, and then
The parting groan

Oh! change—oh! wondrous change—
Burst are the prison bars—
This moment there, so low,
So agonised, and now
Beyond the stars!

Oh! change—stupendous change!
There lies the soulless clod
The sun eternal breaks—
The new immortal wakes—
Wakes with his God

TO THE *Superintending School Committees*

OF THE SEVERAL

Towns in the County of Penobscot.

The Act additional to the Act establishing a Board of Education, approved June 27, 1848 makes it the duty of the member of the Board in each County to appoint a time and place for the annual meeting of the Superintending School Committees required by law, and to give notice thereof thirty days, at least, before the time so appointed In compliance with the foregoing requirement, I appointed Thursday, the 16th of November, as the time of said meeting, and gave notice thereof to the Superintending School Committees of the said County of Penobscot, in a Circular addressed to them and dated at Bangor Sept. 4th, 1848—but the said 16th of November being the day appointed by the Governor of the State to be observed as a day of public Thanksgiving, a change of day for said meeting is necessary I have therefore appointed WEDNESDAY, the 6th day of December, at 11 o'clock, A. M., and the City Hall in Bangor, as the time and place of meeting for the said County of Penobscot, of which Committees are requested to take notice.

DAVID WORCESTER,

Aid and Morocco Stock.

THE Subscriber continues to manufacture KID and MOROCCO LEATHER, in all its various branches, and the experience of being a practical workman, enables him to have as good articles in his line of business as any other manufacturer in New England As I do not employ any but first rate workmen of temperate habits, and will sell as low for cash or approved credit as any other establishment, Country Merchants please call and see if you cannot do as well as elsewhere. Those who send their orders will be dealt with the same as if present, if not it will be their privilege to return the Stock at my expense.

Dr. Townsend's

COMPOUND EXTRACT OF

SARSAPARILLA,

Wonder and Blessing of the Age

THE MOST EXTRAORDINARY MEDICINE IN THE WORLD

This Extract is put up in Quart Bottles—it is far the cheaper preparation and warranted superior to any other.

It cures without vomiting purging sickening or debilitating the Patient.

The great superiority and superiority of this Sarsaparilla over all other medicines which steal the health of the invalid, is the fact that it is one of the very best

SPRING AND SUMMER MEDICINES

ever known—it not only purifies the whole system and strengthens the person but it *creates new pure and rich blood* a power possessed by no other medicine. And it is this the great secret of its wonderful success—for it has performed cures when the last five years, more than 100,000 cases of severe cases of scrofula have been considered incurable. It has saved the lives of more than an hundred children during the two past seasons.

CASES OF GENERAL DEBILITY AND WANT OF NERVOUS ENERGY

Dr Townsend's Sarsaparilla invigorates the whole system permanently. In those who have lost their nervous energy by the effect of medicine or indiscretion combination with, or the excessive use of prostration of the nervous system, accompanied by lassitude, want of energy, loss of memory, premature decay and decline. Nothing towards that fatal disease Consumption can be entirely restored by this pleasant remedy. This Sarsaparilla is superior to any

INVIGORATING CORDIAL,

As it renews and invigorates the system, gives activity to the limbs and strength to the muscular system, in a most extraordinary degree.

CONSUMPTION CURED

Chronic and Strength—Consumption can be cured. Bronchitis, Consumption, Liver Complaint, Colds, Cough Coughs Asthma Spitting of Blood, Sore Throat, Night Sweats, Difficult or profuse expectoration, Pain in the Side, &c have been and can be cured.

SPITTING BLOOD

New York, April 8 1847

Dr Townsend—I hereby have to inform you that my health has been for a long time very much impaired, I took cold in the month of November last, which settled on my lungs, I had a very severe cough, and was very much reduced, I had not expectorated a quarter of a pint of blood, the night sweats and cough greatly debilitated and reduced, I had not expectorated a pint of blood, and there was a wound in the lung from which I was unable to walk without spitting blood, I raised no blood, and my cough had left me. You can with truth use this as a fair and honest result.

Yours &c WM RUSSELL 65 Cedar-st

RIGHT MARTYRS

There is only one in a hundred thousand cases of the invention that Dr Townsend's Sarsaparilla has cured. The most severe and chronic cases are weekly cured by this extraordinary virtues.

Jan 8 Cornelius Lee, Esq. Clerk of the Assistants in the Lunatic Asylum Blackwell's Island, and a gentleman spoken of in the following letter:

Blackwell's Island, Sep. 14 1847

Dr Townsend—Dear Sir I have suffered severely for nearly two years with the Rheumatism, consider myself one of the most incurable sufferers, I walk with difficulty and my limbs were so much swollen I have tried but been to your Sarsaparilla and they have done me more than any thing else I have taken, I am very much better—indeed I am entirely relieved. You are at liberty to use this for the benefit of the afflicted. Yours respectfully,

JAMES CUMMINGS

FITS FITS FITS!

Dr Townsend having tested his Sarsaparilla in cases of Fits, of long standing, recommend it and we are proud to give the following testimonial to well and respectable Friends in Washington County.

Dr Townsend—Dear Sir I have a little girl, seven years of age who has been very much afflicted with fits, we have taken every thing for her, but without avail, at last although we do not like to recommend patent medicines, yet as a last resort we thought we would try your Sarsaparilla, and we very gladly do so, it has not only relieved the sufferer, but she has had no return of the fits, to our great joy and surprise. She is now growing rugged and pretty, and we feel grateful. Yours respectfully,

JOHN BUTLER, Jr

FEMALE MEDICINE

Dr Townsend's Sarsaparilla is a sovereign and speedy cure for Irregular Menstruation, Barrenness, Prolapsus Uteri or Falling of the Womb, Gleet, Whites, Tumors Uterine Ulceration, Incontinence of Urine or involuntary discharge thereof, and for the general prostration of the system—no matter by what the result of inherent weakness or causes, whether by debility, illness, or age.

Nothing can be more surprising than its invigorating effect on the human frame. Persons all weakness and debility, from taking it at once become vigorous and elastic, and the influence is felt in the stately countenance and elastic step of the female which is the thing cause of Barrenness—It will not be expected of us, nor is it possible to insert testimonials of the thousands of cases where it has been the means of bringing forth offspring to bless the invalid with the medicine, have been blessed with fine healthy offspring.

TO MOTHERS AND MARRIED LADIES

This extract of Sarsaparilla is now expressly prepared in reference to female complaints. No female who has reason to suppose she is approaching that critical period, *The Turn of Life*, should neglect to take it, as it is a certain preventative of many of the numerous ailments to which females are subject at that important period. The period *may be delayed for several years by using Townsend's Sarsaparilla*. Nothing is less valuable for those who are approaching confinement, it invigorates the system, purifies the blood and invigorates the system. Indeed it is invaluable for all the acute diseases to which women are subject.

It braces the whole system renews and invigorates the natural energies of the wasting constitution, purifies the blood, gives an increased circulation, as to produce a healthy relaxed one—which is the cause of many of the diseases taken for female weakness and disease. By using a few bottles of this medicine, many severe and painful surgical operations may be prevented.

GREAT BLESSING TO MOTHERS AND CHILDREN

It is the safest and most effectual medicine for purifying the system, and relieving the sufferings attendant upon childbirth, at every date. It strengthens both the mother and child, prevents pain and disease, increases and enriches the food—those who have used it think it is indispensable. It is highly useful both before and after confinement, as it prevents diseases attendant upon childbirth—as Costiveness, Cramps, Swelling of the Feet, Dropsy, Heartburn, Vomiting, Pains in the Back and Loins, False Pains, Hemorrhage, and in regulating the secretions and equalizing the circulation it has no equal. The great beauty of this medicine is, it is always safe, and the most delicate use it most successfully, very few cases require any other medicine—in some a little Castor Oil or Magnesia is useful. Exercise in the open air and light food with this medicine, will always ensure a safe and easy confinement.

BEAUTY AND HEALTH

Cosmetics, Chalk, and a variety of preparations generally in use when applied to the face, very soon spoil it of its beauty. They close the pores of the skin, and check the circulation, which, when nature is not thwarted by disease or powder, or the skin inflamed by the alkalies used in some compositions, produces a rich and healthy circulation of the blood as well as a fine complexion. Nature intended the face as the garden of richest and delicately tinted and variegated flowers. A free, active and healthy circulation of the blood is the true source of the pure, rich blood to the extremities, is that which paints the countenance in the most enchanting hues. It is that which imparts the indescribable shades and flushes of loveliness that all admire but none can describe. This beauty is the offspring of nature—not of powder or soap. If there is not a fine and healthy circulation, there is no beauty. If the lady is fair as a dream snow, if she paints and uses cosmetics, and the blood is thick, cold, and impure, she is not beautiful. If she be brown or yellow and there is pure and active blood it gives a rich bloom to her cheeks, and a bright lustre to their eyes, that is fascinating.

This is the reason why the southern, and especially the Spanish ladies, are so much admired. Ladies in the north who take but little exercise or are confined in close rooms, or have spoiled their complexion by the application of deleterious mixtures, if they wish to regain a clear eye of step, buoyant spirits, sparkling mind, and beautiful complexion, then should use Dr Townsend's Sarsaparilla. Thousands who have tried it, are more than satisfied, are delighted. Ladies of every station should our office daily.

NOTICE TO THE LADIES.

Those that invite a Dr Townsend's Sarsaparilla have invariably called their stuff a *great remedy for females*, &c, &c, and have copied our bills and circulars which relate to the complaints of women, word for word—other men who put up medicine have seen the great success of Dr. Townsend's Sarsaparilla in complaints incident to females, recommended them, although previously they did not. A number of these Mixtures, Pills &c, are so harsh as to female, as they aggravate disease, and a derange the constitution.

SCROFULA CURED

This Certificate conclusively proves that this Sarsaparilla has perfect control over the most obstinate diseases of the blood. Three persons cured in one house is unprecedented.

SPRAIN CHILDREN

Dr Townsend Dear Sir—I have the pleasure to inform you that three of my children have been cured of the Scrofula by the use of your excellent medicine.—They were afflicted very severely with bad sores, have taking only four bottles, it took them away, for which I feel myself under great obligations. Yours respectfully

ISAAC W CRAIN, 106 Wooster-st.

OPINIONS OF PHYSICIANS

Dr Townsend is almost daily receiving orders from physicians in different parts of the Union.

This is to certify that we, the undersigned Physicians of the City of Albany, have in numerous cases prescribed Dr Townsend's Sarsaparilla, and believe it to be one of the most valuable preparations of the Sarsaparilla in the market.

CAUTION.

Owing to the great success and immense sale of Dr Townsend's Sarsaparilla a number of men who were formerly our Agents, have commenced making Sarsaparilla Extracts, Elixirs, Bitters, Extracts of Yellow Dock, &c. They generally put it up in the same shape bottles, and some of them have stole and copied our advertisements,—they are worthless imitations, and should be avoided.

Unanimously Approved!!!

THE ORIGINAL AND ONLY GENUINE INDIAN MEDICINE.

NEW ENGLAND TESTIMONY.

[From Northfield Vt]

Dr W Wright—Dear Sir—I have used your Indian Vegetable Pills in my family for the last four or five years, and have come to the conclusion that they are superior to any other patent medicine in the market. I have given them to a number of persons in bilious and other complaints, and they have always proved the most efficacious and satisfactory medicine they have ever taken.

Yours respectfully, CHESTER GILMAN

June 1848

THE BEST FAMILY MEDICINE

(From Norton Hill, Greene County, N Y)

Dr Wright—We have used and sold your INDIAN VEGETABLE PILLS for three years past and do not hesitate to recommend them to our friends and customers as the best family medicine in use. N & L RAMSDELL

(From Marble Hill Pa)

To Dr W Wright—Dear Sir—For the last two years I have had the agency for the sale of your INDIAN VEGETABLE PILLS at this place and have sold a considerable quantity of them. They have, in every instance, given entire satisfaction. Many families in this section keep them and consider them a valuable family medicine. *There is no medicine sold here that can be so universally recommended as Wright's Indian Vegetable Pills.*

Very truly yours, WILLIAM M. LUERS

TESTIMONY OF ANOTHER PHYSICIAN

The following was answered in reply to a note from our agent asking the Doctor's opinion of this medicine.

TUNKHANNOCK Aug 29 1848

Mr A Durham—Dear Sir—In reply to your note of yesterday, I would state, that I have occasionally found it convenient to use the various "Patent Medicines" recommended to the public, and while I am willing to say anything in favor of others, I am free to confess that I consider Dr Wright's Indian Vegetable Pills *superior to all others* with which I am acquainted. I have used them for many years, both as my own family and in my practice generally, and they have uniform given general satisfaction. The cases and spell with which these Pills have been hitherto manufactured are, in my opinion, a sufficient guarantee for like good results in future.

Very respectfully, B A BUTLER M D

TO THE AFFLICTED

DR DOUGLASS respectfully informs the citizens of Boston that he may be consulted as to all diseases incident to the human frame, at his office,

No. 55 Union Street.

Dr D has been in extensive practice in all parts of the United States, and has now in his possession the best of evidence to show that he is a regular M D. He has been upwards of 40 years in practice. The diseases of females will receive the Dr's particular attention. He will tell all the diseases from an examination of the eye this is an advantage that Dr D has above all other practitioners, and which will necessary do away the necessity of a long and unpleasant explanation on the part of the patient, of the disease with which they are afflicted. The age and length of time the patient has been suffering is all the Dr will require to give them a most thorough knowledge of their complaint and whether or not a cure can be effected.

Dr D has been very successful in the treatment of Colds, Coughs Consumptions and Liver Complaints, all Pulmonary diseases, Scrofula, Rheumatism Fits, Dysentary all diseases of the Eye and Ear, diseases of the Blood Palpitation of the Heart, Gout, Salt Rheum Cancers, cutaneous diseases and all affections of the kidneys and bladder, Tic doloreau, Hernia, Abdominal Weakness, Tooth ache Intemperance, Stammering. Dr D. warrants a cure of any of the above diseases, if applied to in season.

He would also respectfully inform the Ladies that he will attend to their diseases and complaints from 8 to 12 AM and from 2 to 5 P M. A full and general assortment of medicines are kept constantly on hand. Printed directions accompany each bottle or package.

All communications (post paid), with a fee enclosed, will be strictly attended to.

Patent Mill Wheels.

Timbey's Patent

Two Vent Cast Iron Water Wheels

—FOR—

SAW MILLS,

Invented by T. R. Timbey of Cato N. Y

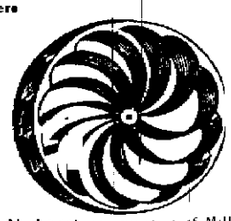
THE undersigned would respectfully call the attention of the Public to the above named WHEELS, which have been thoroughly tested in *Competition* with all other popular

SAW MILL WHEELS

in use at the present time, and they can confidently recommend them with the same head and quantity of water applied as possessing superior advantages in *Speed and speed*, and giving a more *steady motion* and *Steady Motion* in and out of the cut (and therefore not liable to break cranks) and will also run *longer* and *Saw more Lumber* under a less head than any other Wheel in use.

Another advantage which this Wheel has over others is that it is constructed with but Two Vents for the discharge of water which makes the apertures larger and allows the "drift stuff" to escape without filling up the Wheel.

Persons wishing to adopt the BEST WHEEL will do well to call and examine before purchasing elsewhere.



We could also call the attention of Mill Owners and Operators to

Valentine's Patent

Reversing Centrifugal Water Wheel,

—FOR—

"UPRIGHT SHAFTS,"

WHICH are adapted for driving all kinds of Machinery in Manufacturing establishments or Mills, and are made of different sizes so as to give any amount of power required and from the reputation these Wheels have acquired by the successful operation of several hundred of them already sold and in use, we feel confident in recommending them as combining more advantages than any other Wheel for perpendicular Shafts, now used.

As evidence of the merits of this Wheel we would refer to the following extracts from the report of experiments made with the same by HIRAM MARA, BEARD Esq *Civil Engineer*—Lowell Mass who is well known as one of the most Scientific and experienced practical Engineers in this country.

"This wheel is formed with curved floats the number depending upon the size and vent of the Wheel, each extending so far around the Wheel that when the water arrives at the jet its pressure is so far expended that it falls very nearly perpendicular from the Wheel. The Wheel is so closed in a cylindrical wooden curb or frame, in which the water stands at its full head, the bottom being sustained by the stationary plate underneath the Wheel, so that it has no downward pressure upon the Wheel which stands perfectly free in the column of water and by this arrangement all the friction on the step and bearing of the Wheel is avoided, and so much of the power saved which in the ordinary mode of operation is wholly lost.

"This Wheel is adapted to low as well as high heads of water and will run as well in back water as out of it, providing the head rises in a tail race as fast as the back water. But a Wheel with the jets slightly gauged for a high head will not answer for a low one, and vice versa for as the head increases, the width of the jets should be proportionably decreased, so that the water may not issue to waste and not give its best effect to the Wheel.

"In point of power, the trials show conclusively that this Wheel is superior to the best constructed Breast Wheels and it has the advantage of working with good effect in situations where the Breast Wheel would be worthless it is so liable to need repairs, easily accessible when they do need it costs much less in the outlay, is much more durable, and takes very much less room in a mill or shop—Simplicity of structure durability of parts convenience of application and excellence of power are the great points of recommendation for this Wheel.

For the Removal and Permanent Cure of all

NERVOUS DISEASES,

And of those Complaints which are caused by an impaired, weakened or unhealthy condition of the

NERVOUS SYSTEM.

This beautiful and convenient application of the mysterious powers of GALVANISM and MAGNETISM, has been pronounced by distinguished physicians, both in Europe and the United States to be the *most valuable medical discovery of the Age*.

Dr. CHRISTIE'S GALVANIC BELT

and

MAGNETIC FLUID,

is used with the most perfect and certain success in all cases of

GENERAL DEBILITY,

Strengthening the weakened body giving tone to the various organs and invigorating the entire system. Also in

FITS, CRAMP, PARALYSIS AND PALSY,

Dyspepsia or Indigestion,

RHEUMATISM, Acute and Chronic, GOUT, EPILEPSY, LUMBAGO, DEAFNESS, NERVOUS TREMORS, PALPITATION OF THE HEART, APOPLEXY, NEURALGIA, PAINS in the SIDE and CHEST,

Liver Complaint,

SPINAL COMPLAINT, and CURVATURE of the SPINE, HIP COMPLAINT, DISEASES of the KIDNEYS, DEFICIENCY OF NERVOUS AND PHYSICAL ENERGY,

and all

Nervous Diseases,

which complaints arise from one simple cause, namely,

A Derangement of the Nervous System.

☞ In NERVOUS COMPLAINTS, Drugs and Medicines *increase the disease* for they weaken the vital energies of the already prostrated system, while under the strengthening life giving, vitalizing influence of Galvanism as applied by this beautiful and wonderful discovery the exhausted patient and weakened sufferer is restored to former health, strength elasticity and vigor.

The great peculiarity and excellence of

Dr. Christie's Galvanic Curatives,

consists, in the fact that they arrest and cure disease by *outward application* in place of the usual mode of drugging and physicking the patient, till exhausted Nature sinks hopeless!—under the infliction.

They strengthen the whole system equalize the circulation of the blood promote the secretions and never do the slightest injury under any circumstances. Since their introduction in the United States, only three years since more than

60,000 Persons

including all ages classes and conditions among which were a large number of ladies who are peculiarly subject to Nervous Complaints, have been

ENTIRELY AND PERMANENTLY CURED,

when all hope of relief has been given up and every thing else been tried in vain!

To illustrate the use of the GALVANIC BELT, suppose the case of a person afflicted with that bane of civilization DYSPEPSIA or any other Chronic or Nervous Disorder. In ordinary cases stimulants are taken, which, by their action on the nerves and muscles of the stomach afford *temporary* relief, but which leave the patient in a lower state, and with injured faculties, after the action thus excited has ceased. Now compare this with the effect resulting from the application of the GALVANIC BELT. Take a Dyspeptic sufferer even in the worse symptoms of an attack, and simply tie the Belt around the body using the Magnetic Fluid as directed. In a short period the insensible perspiration will act on the positive element of the Belt, thereby causing a Galvanic circulation which will pass on to the negative and thence back again to the positive thus keeping up a continuous Galvanic circulation throughout the system. Thus the most severe cases of DYSPEPSIA are PERMANENTLY CURED A FEW DAYS IS OFTEN AMPLY SUFFICIENT TO ERADICATE THE DISEASE OF YEARS.

Certificates and Testimonials

From the most Respectable Sources,

Could be given, sufficient to fill every column in this paper. We make a few selections. The first is an

EXTRAORDINARY CASE

and conclusively proves that

"Truth is stranger than Fiction."

The following letter, narrating one of the most remarkable events in the annals of Medical Science, is from the

Rev. Dr. Landis, a Clergyman

of New Jersey, of distinguished attainments and exalted reputation.—

SIDNEY, New Jersey July 12 1848

DR A B CHRISTIE—Dear Sir You wish to know of me what has been the result in my own case of the application of your GALVANIC BELT AND NECKLACE. My reply is as follows.

For about twenty years I had been suffering from Dyspepsia. Every year the symptoms became worse, nor could I obtain permanent relief from any course of medical treatment whatever. My physicians were skilful and excellent men, but their prescriptions failed. About *fourteen* years since in consequence of frequent exposure to the weather in the discharge of my pastoral duties I became subject to a severe Chronic Rheumatism which for year after year, caused me indescribable anguish. In the severest paroxysms the skill of my physicians sometimes afforded me great relief, but this relief was only temporary. Further in the winter of '45 and '46, in consequence of preaching a great deal in my own and various other churches in this region I was attacked by the Bronchitis, which soon became so severe as to require an immediate suspension of my pastoral labors. *My nervous system was now thoroughly prostrated*, and as my Bronchitis became worse so also did my Dyspepsia and Rheumatic affections—thus evening that these disorders were connected with each other through the medium of the Nervous System. My sufferings were indeed severe and I had no prospect other than being entirely laid aside from the discharge of those duties and the performance of those labors, in which my soul has ever found the highest of her joys.

But reasoning from effect to cause, I concluded that the Nervous System must be reached, before any hope could be indulged of my obtaining relief from these most distressing maladies. In the whole pharmacopoeia there seemed to be no remedial agent which could reach and recuperate my Nervous System, every thing that I had tried for this purpose had completely failed. At last I was led by my friends to examine your inventions, and (though with no very sanguine hopes of their efficiency) I determined to try the effect of the application of the GALVANIC BELT AND NECKLACE with the MAGNETIC FLUID. This was in June, 1846. To my great astonishment, in two days my Dyspepsia had gone, in eight days I was enabled to resume my pastoral labors, nor have I since omitted a single service on account of the Bronchitis, and my Rheumatic affection also ceased to trouble me. If time permitted I could fill a sheet of paper with the details of particulars, but I can now only furnish this brief abstract. My Dyspepsia has never returned, the Rheumatism once in a while calls on me, but not severely, and is easily arrested, and is manifestly being driven from its hold upon my system and my Bronchial affection is *entirely cured*. Such is the wonderful and happy results of the experiment.

I have recommended the BELT and FLUID to many who have been likewise suffering from neuralgic affections. They have tried them, with marked results, I BELIEVE IN EVERY CASE.

I am, dear sir, very respectfully yours,

ROBERT W LANDIS.

☞ Many hundred Certificates from all parts of the country of equally extraordinary character could be given.

☞ No trouble or inconvenience attends the use of *DR CHRISTIE'S GALVANIC ARTICLES*, and they may be worn by the most feeble and delicate with perfect ease and safety. In many cases the sensation attending their use is *highly pleasant and agreeable*. They can be sent to any part of the country.
